Hi Dave:

It turns out that the existing EPA-RCAC contract won't allow the proposed arrangement, that is, to have RCAC do sampling on behalf of EPA. I'm working on Plan B.

Pineview Estates- tentative monitoring plan

Pineview Estates- tentative monitoring plan

David Wallis Aaron Setran 11/06/09 04:16 PM to:

Aaron,

You mentioned using the EPA laboratory

I was checking to see what days of the week the EPA Richmond Laboratory will accept BOD samples?

With it being a 5 day test some labs really don't want to accept BOD samples on certain days- lab staff would have to come in on weekends to read the results

Thanks, Dave
